JUNIOR CLASS HISTORY

In the schools of the Harbor, on the shores of the grand old Lake Erie,
Entered in nineteen-eleven the class now known as the Juniors:
Entered then thirty-one members and from their very beginning
Did the wonderful class of '15 excell in all kinds of athletics.
Basket ball, baseball, and football, and even in track they are famous.
Numbered among these great players is Randall, the bright star in
football.

Close by his side as good seconds are Joe, Johnny Grant, and big Gussie;
One of the basket ball heroes is Poad, who was captain this season.
Ek and our Mac and Gib upheld the whole team as staunch guards.
Represented are they in baseball by Poad who is famous as catcher,
By Millberg, McKay, by Stollmack, McConnell who's always called Mac.
Track has a special attraction for Findley, a now noted runner.
Wood, Poad, and Millberg are also in the team that Carver has chosen.
These Juniors are proud of the victory they won in the inter-class meet.
Not alone as athletes have they conquered and won for them laurels,
But also as speakers in public, have they landed some prizes this year.
There's Gussie who won a gold medal for speaking his own little piece.
The other two who were contestants were Adessa, and Mary, the Giggler.
However, the Seniors took first place and left only second for Gussie.
In debate they won from us Seniors the cup which we thought would be
ours.

Famed in this team of debaters are Miller, John Close, and de Nobel.
Next year they say they'll be winners from the class of nineteen-sixteen,
Certain however are the Seniors, who have lost in debate this past year
That '15 will have to get busy, or '16 will do them all up.
In their studies these proud little children are not quite so bright as
they think;

For giggling and carelessness noted, they always are getting in trouble.
The boys always do something funny and the girls they laugh at the
jokes,

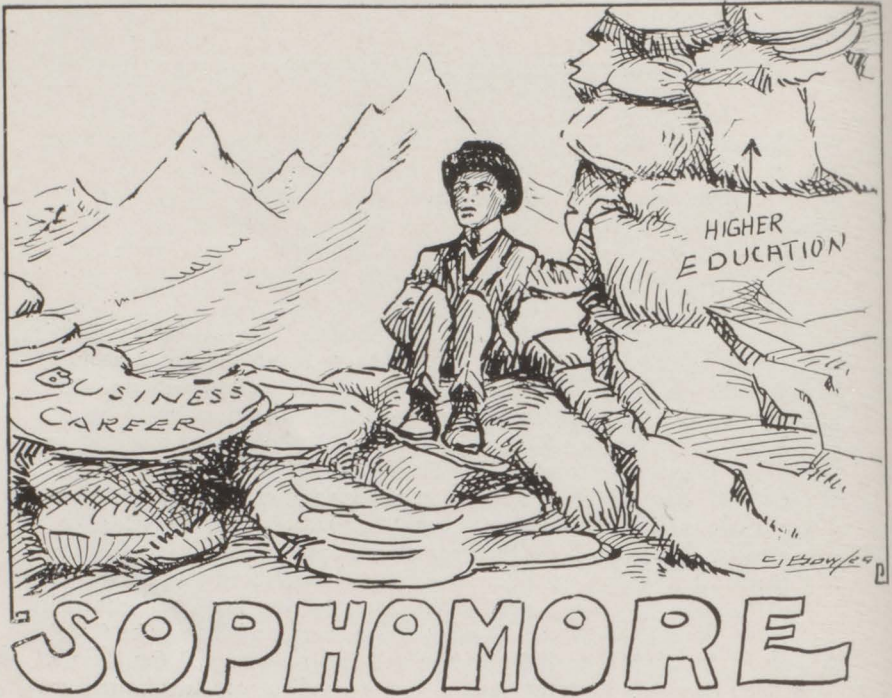

For they think the boys are so cunning, especially Francis and Gib,
Who are always chattering and giggling and making wry faces and such.
These youngsters have taken off knee pants but I fear have not kicked
off kid tricks,

For sometimes in study-hall hours you would think they were still in
third grade.

They never are in any hurry, slow of walk, slow of speech, slow in rising,
Sometimes I am sure in their movements you would think they are
snails in their shells.

But to the Class of '15 be the best of good luck.

We bury the hatchet forever. The pipe of peace now we will smoke.

SOPHOMORE CLASS HISTORY

In September 1910 our little band of Pilgrims started on a perilous journey. Many and varied have been our experiences and we wish to share with you a few of the memories we have gathered along our path.

How well we remember the day on which we set out, that day of terror to every Freshman! We, with scores of others, were hurried about for the assignment of tasks and places. Then with our burdens on our backs we sped on our way in earnest, and found ourselves journeying across a comparatively smooth plain. Suddenly our way was obstructed by a great rock called Algebra, which appeared immovable, but after much struggling and the use of all the mental power we could summon, together with reams of paper, erasers and the answer book, it was rolled out of our path, permitting us to hasten on.

But, being young and heedless, we did not look for the steps which led across the treacherous spot we were approaching and consequently found ourselves wallowing in the Slough of Despond, Latin. However Help came to our aid and armed with Grammars we were soon out of the mire and able to help Caesar wage his wars, the most glorious aim of every Sophomore. Meanwhile we were taking daily excursions into the field of English. From mere Narration we passed along the river of Description, where various members of our band took delight in describing each other; or into the lane of Exposition. Then a storm called Argument broke upon us and as our path was bare of shelter we were forced to receive the shower of arguments which fell from both sides of every question as the storm raged about us. After the false opinions of our companions had been refuted and we had drawn our own conclusions, the sky cleared; and we have passed on to peaceful reconciliation, a goal to which each worthy Sophomore aspires. We have conquered each difficulty, great or small, which temporarily clouded our clear sky. As we look back on the journey we have traveled thus far, we realize how resplendent have been the days and that the efforts put forth have not been in vain. Some of our companions have fallen by the wayside during Exams, but most have plodded faithfully on in search of Knowledge and Self-Equipment.

DECLAMATION CONTESTS

In the past, programs given by the H. H. S. have been for the sake of entertainment. This year a marked change has taken place. Former customs have been set aside and literary development has been made the primary aim. In accordance with this the first semester was devoted to declamation contests and the second, to debates.

A Senior Preliminary was held Oct. 31, 1913 and the following selections were given:

| | |
|-----------------------------------|-----------------|
| The First Settler's Story | Florence Dibell |
| Little Nell in Prison | Ana Burger |
| Piano Solo | Maude Walworth |
| Scene at the Natural Bridge | Ethel Gillen |
| Jimmie Butler and the Owl | Anna Anderson |
| Vocal Solo | Senia Altonen |
| Connor | Kathryn O'Leary |
| The Painter of Seville | Earl McConnell |
| Class Song | |

Anna Anderson, Ethel Gillen, and Earl McConnell were the successful contestants.

The Juniors held their preliminary Contest Nov. 13, 1913; the following program was rendered:

| | |
|--------------------------------|-----------------|
| The Reconsidered Verdict | Russell Miller |
| The Clock on the Stairs | Mary Mulcahy |
| Karl the Martyr | Olga Rinto |
| Cornet Solo | Ralph McConnell |
| The Skeleton in Armor | Howard Findley |
| The Boy Hero | Adessa Large |
| Jean Valjean | John Grant |
| Class Song | |

Adessa Large, Mary Mulcahy, and Russell Miller were selected to represent the Juniors.

The Final Contest took place Tuesday Evening, Dec. 16. The Program was as follows:

| | |

INTER-CLASS DEBATES

As a departure in literary work, Harbor High School took up debating this year for the first time in its history. On Dec. 18, 1913, the Seniors held the first debate, on the subject, "Resolved that the United States is justified in increasing her navy." The affirmative speakers were Harry Skoog, Lorna McKinnon, and Harold Hills; those of the negative were Ray Holtan, Ruth Carr, and Wells Ashley. The affirmative won. Those chosen to represent the Seniors in the Senior-Junior Debate were Ruth Carr, Harry Skoog, and Harold Hills.

The Juniors held their preliminary on Feb. 26, 1914, their subject being, "Resolved that the United States should intervene in Mexico." The affirmative speakers were John Close, Aini Kottari, and John Grant; the negative were Russell Miller, Ralph McConnell and Richard de Noble. The affirmative won. The speakers chosen as the class representatives were Russell Miller, Richard de Nobel, and John Close.

On March 27, 1914, the interclass debate was held, the subject being "Resolved that the city manager form of government should be adopted by Ashtabula." The Seniors took the negative and the Juniors the affirmative. The latter won by a two-to-one vote.

A silver loving cup was awarded to the winners. This will be held by the class until they are defeated.

The debates were much enjoyed by the students and it is hoped that they will be continued by the coming classes. Next year Harbor High expects to enter the circle of inter-scholastic debate and thus broaden our field of school activities.

THE GERMAN CLUB

The German Club of the Harbor High School held its meeting Monday, December 1st. There were forty in attendance. The members received their guests in the assembly room, where German games led by Naomi Whelpley, Gretchen Espy, and Ray Holtan, were indulged in. All then went to the auditorium, where the program was given. It was as follows:

| | |
|---|---------------------------------------|
| Ein Sang | "Deutschland, Deutschland uber Alles" |
| | Der Ganze Klub |
| Ein Vortragen | Einkehr |
| | Fraulein Espy |
| Scherze | Herr Shriver |
| Ein Sang | "Johnny Schmoker" |
| Eine vorige deutsche Klasse und Herr Bunn | |
| Eine wiedergesagte Geschichte | |
| | Fraulein Micham |
| Ein Vortragen | Hanschen |
| | Fraulein Feldmeyer |
| Ein Vortragen | "Das zerbrochene Ringlein" |
| | Fraulein Salgen |
| Das Schauspiel | "Ein Moderener Unglücksfall" |
| Ein Sang | "Heidenroslein" |
| | Der ganze Klub |
| | Alice Micham President |

The recitations were well given and showed good preparation. The jokes by Mr. Shriver were enjoyed by all. The number which created most laughter, however, was the one given by last year's German Class of girls when they sang "Johnny Schmoker" led by Mr. Bunn, dressed as a German professor. The play, "A Modern Catastrophe" in three scenes, written by Lorna McKinnon, Howard Findley, Harold Hllsi and Harry Skoog was a great success.

The characters were as follows:

| | |
|-----------------------------------|--------------------------------------|
| Herr Mueller | Richard de Noble |
| Frau Mueller | Hulda Swanson |
| Gretchen Mueller | Mildred Nelson |
| Wilhelm Mueller | John Grant |
| Die Mutter der Frau Mueller | Sophia Swakko |
| Herr Schmidt | Robert Cook |
| Frau Schmidt | Martha Sandberg |
| Ihre Kinder, | Lucy Kennedy, Vincentina Napoletano, |
| | Harold Hills, Gilbert Nettleton |
| Der Auslaufer | Ray Holtan |

After the program all returned to the assembly where a light lunch was served. Everyone returned home feeling that he had had a most delightful and interesting evening.

THE CAMP FIRE GIRLS

The Camp Fire Girls is an international organization with local groups called Camp Fires. To show the purpose of this organization we can do no better than quote our Camp Fire Book. "The purpose of this organization is to perpetuate the spiritual ideals of the home under the new conditions of a social community. The specific ways by which it aims at this is: to show that the common things of daily life are the chief means of beauty, romance and adventure; to devise ways of measuring and creating standards of woman's work; to help girls to serve the community; to aid in the forming of habits making for health and vigor, the out-of-door habit and the out-door spirit." Beads are conferred for winning honors. There are three ranks which a girl may attain—(1) Wood-Gatherer; (2) Fire-Maker; (3) Torch-Bearer.

Our local organization was organized in November with twenty-two girls of the Senior class. Subjects were discussed at the meetings, which carried out the purpose of the Camp Fire. The counts of the previous meetings were sometimes written in rhyme. The following is one of the counts:

In a room of Harbor High School
Just three weeks ago tonight,
Met a band of faithful workers
By the candle's flickering light.
Welcomed here by Mother Firecloud,
Name and symbol each one speaks
Which would show the aim and purpose
Which they wish their lives to teach.
Then the pledge by all was taken
To fulfill the council's laws
And the deeds of kindness mentioned
Won from all a loud applause.
Work, health, and love are the goals for which to be striven.
Then with ever increasing volume the Wohelo cheer was given,
Then rang out upon the stillness
Our beloved good-night song
As we parted with the purpose
To help right this old world's wrongs.

The Camp Fire Dresses are worn at each council meeting. At one of the meetings the girls had the pleasure of hearing Dr. Mary Battles. The girls expect to take a course in the next few meetings in The First Aid to the Injured. Each girl has attained the rank of wood-gatherer, for which she will receive the Wood-Gatherer's ring. A camping trip is being planned for the week following the close of school. While on the trip the girls will spend a couple of hours each day in nature study. It is hoped that several more Camp Fires may be organized next year.

THE LEADERS

As the activities of our school grow larger and more numerous, there is an increasing need for real leaders—fellows who accept responsibility, who know the right thing to do, and have the courage to do it. To meet this need “The Leaders” club was organized with its membership made up of the boys chosen as leaders of school organizations, and the men of the Faculty. The Leaders’ motto is “To arouse a consciousness of our school”; and their object “To promote a spirit of co-operation between students and teachers and to develop its members in leadership.”

Regular meetings are held the second Tuesday in each month, at which varied programs are given. Everybody likes the songs about the piano and the games in the Gymnasium, but two features of these programs are carried out with still greater interest. The first of these is the open discussion, in which ethical questions such as “How shall I treat an opponent who tries to play dirty?” and “What should be done with a pupil caught cheating?” are talked over, along with such school questions as “The awarding of sweaters,” and “Enlarging the seating capacity of the Gymnasium.” The second of these interesting events is the lunch, and here indeed, every fellow shows himself to be a “Leader”.

The Leaders are back of every good movement in the school. They have had entire charge of a recent campaign to secure funds for leveling and draining the athletic field, and they gathered in more than two hundred dollars. During this first year, the club has been very successful in attaining its object—there has been real development in leadership.

FOOTBALL

We are glad to record that the football season of nineteen-thirteen was one of satisfaction with few regrets. True, we did not win all our games but considering that this was our first year in organized work we have reason to be proud of the results. Clean sportsmanship, good spirit with lots of fight and come-back won for our fellows a respected place among the teams of the conference.

That our fellows had a good balance of scores in their favor is shown by the following schedule and scores:

| | | | |

Mr. Wenner and Mr. Bunn treated the team at the close of the season with a delightful banquet. After the refreshments and the usual speech making, Harry Fairburn was honored by his team mates for his good work by being made captain for 1914 to fill the big shoes left vacant by the graduation of Capt. Gary.

Navy blue sweaters and letters were awarded to the following:

BASKET BALL

Season of 1913-1914

With a start of two years, under the leadership of our efficient coach, Mr. Hardy, Harbor began to pick up in basket ball and to regain her lost laurels in a way that made opposing teams sit up and take notice. Although our victories, as regards the score, were about evenly divided between Harbor and outside teams, yet every game was a victory in that it helped the team to play the following game better.

The spirit shown the team, both in attendance and the cheering at the games, was remarkable. At no home game was the spacious seating capacity of our new Gymnasium sufficiently great to accommodate the spectators. That we were beaten only twice by large scores shows that Harbor is improving in athletics.

Harbor will lose none of the present team by graduation, and the same team playing together for two successive seasons should certainly make Harbor High a strong contender for the pennant next year.

GIRLS' BASKET BALL

The Season of 1914 has been the most successful one that the girls have yet had. They played nine games and in every one were victorious, usually with a large score. Probably the hardest game played was with Youngstown South High which was won by a 13-10 score.

Laura Swedenborg, at left forward, was ranked by all who saw her play as one of the best girl forwards in Ohio. She was the leading point maker for the team and holds the record in girls' basket ball for the number of baskets shot in one game.

Florence Dibell, the right forward, was unexcelled this season in her speedy floor work and accurate passing and many of the victories can be credited to her.

Gladys Jackson, at center, was never outclassed by an opponent and was never outjumped.

The center guard, Ruth Carr, is little but her opponents soon discovered that (in basket ball, as in other things) size does not always count, for Ruth seldom failed to get the ball and put it where a score could be made.

Possibly to the guards, as much as to any one, could be attributed a large number of the victories. Siiri Glantz, right guard, allowed her opponents only four baskets during the year, although this is her first year in basket ball. Ethel Gillen, captain and left guard, is small but scrappy and always held her opponents to one or two baskets although she had to play one who was larger than herself. The Subs., Agnes Sandberg, Edith Olson and Helen MacLennan, always gave a good account of themselves when used.

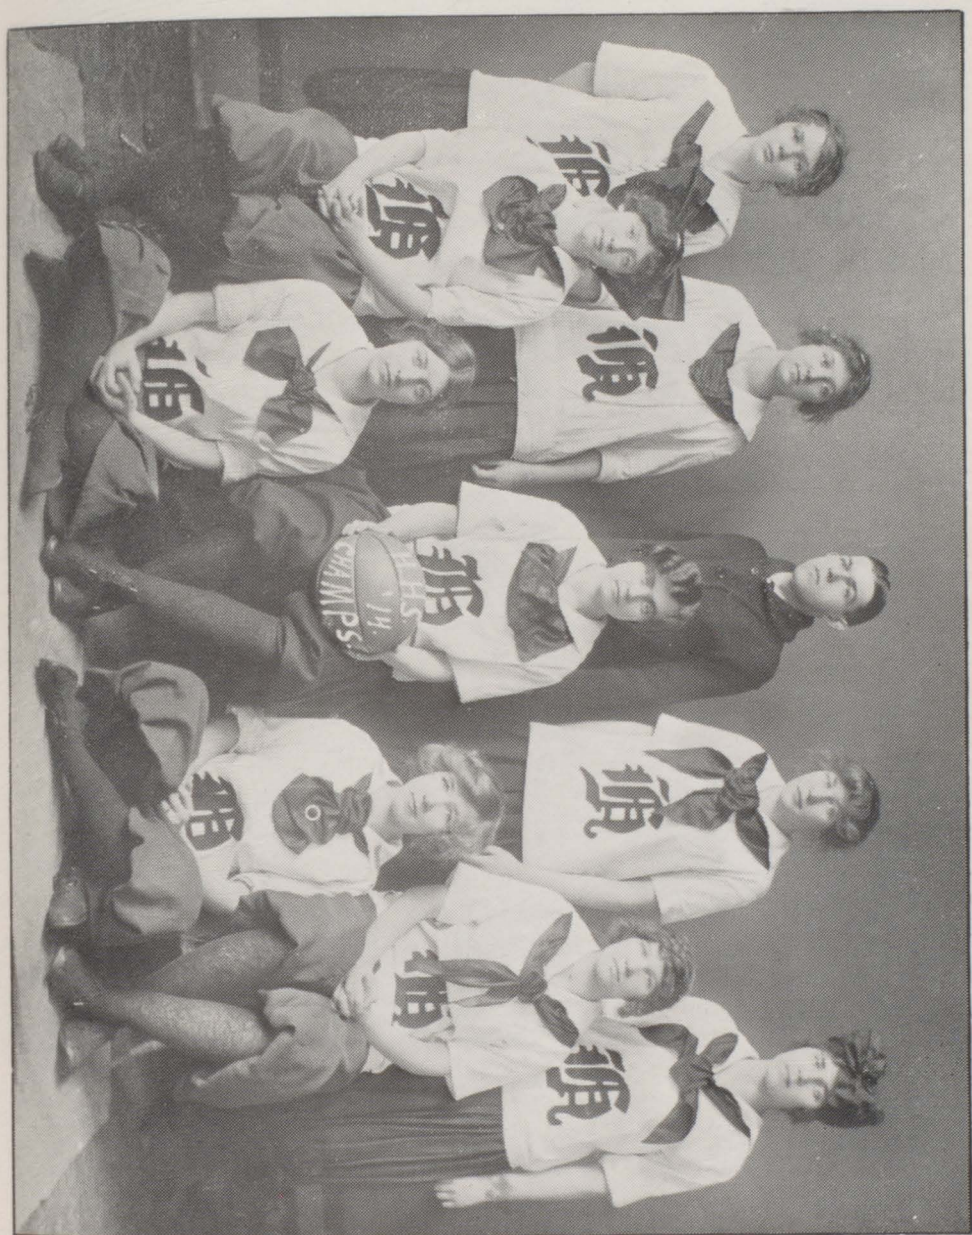

Following are the results of the games played:

| | | | |
|--------------|----|------------------------|----|
| H. H. S..... | 26 | Ladies' Class | 2 |
| H. H. S..... | 23 | Conneaut | 6 |
| H. H. S..... | 27 | Andrews | 15 |

| H. H. S..... | 24 | Conneaut | 4 |
| H. H. S..... | 39 | Jefferson | 3 |
| H. H. S..... | 53 | H. H. S. Alumnae | 4 |

This is the third year of the organization of the girls' basket ball league. Nearly every girl in the high school was enrolled. There were six teams chosen, the Lions, captained by Laura Swedenborg, being undefeated, won the pennant.

The following is the standing of each team:

| | | | | | | | |

BASEBALL

The season of 1914 promises to be one of the best in the history of the school. An unusually large squad turned out, when the first call was made for candidates, and a lot of promising material was discovered. Capt. Olson was the only member of last year's team missing so that there has been a hard fight for his place. According to the "dopesters" Harbor has the fastest fielding team in the league. Devney and Poad form a battery of which any High School might well be proud. The whole team is weak at the bat but the boys are determined to overcome this fault before the season is far advanced. Our chances for another championship team are very bright. We have lost only one game in the four already played.

The following is our record to date:

| | | | |
|--------------|----|------------------------|---|
| Harbor | 31 | Austinburg | 2 |
| Harbor | 2 | Ashtabula | 1 |
| Harbor | 3 | Geneva (10 innings)... | 4 |

TRACK AND FIELD

This is the first year that Harbor High has possessed a real track team. In the past, track work has been unorganized, as a result of which training and team work were imaginary quantities.

Training began, early in March, with a series of cross country runs. The courses varied from two to six miles in length. The trip to "The Subway" and back has been made in twenty-four minutes, while a run to the up-town post-office and back necessitated forty-one minutes of rather strenuous exercise. A handicap race, with a handsome silver cup for first prize, will be staged in the latter part of May. This should settle the question of supremacy in long distance running. Since Gary, Findley, Wallender, and St. Ledger are quite evenly matched, and each represents a different class, the race should prove very interesting as both an individual and class contest.

The Seniors can boast of two men, Gary and E. McConnell, on the team who are sure point winners in any high school meet. Gary, as captain of the team, has set an excellent example to his men regarding conscientious training. Although he can step to record time in any distance from one hundred yards to six miles, yet he specializes in the half mile.

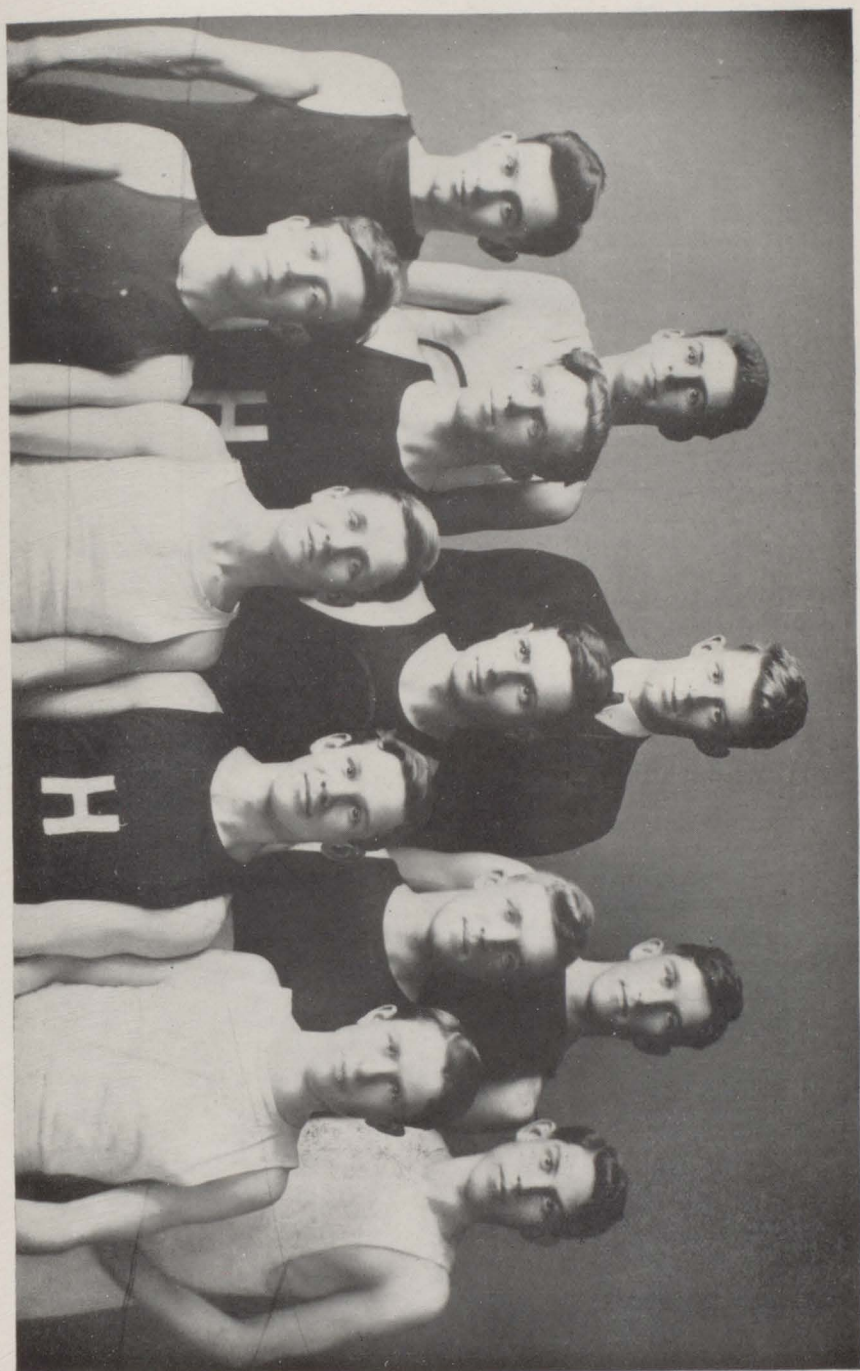

Earl McConnell, manager, is our most versatile athlete. Not only is he the county champion in the running broad jump, but he is a strong contender for first honors in the high and standing broad jumps, pole vault, and quarter mile.

The Juniors are represented by a number of stars, among whom Findley, R. McConnell, Millberg, and Wood shine brightest. Breaking records relieves the monotony of their training.

Among the underclassmen, Aldrich, Wallender, and St. Ledger reign supreme, and should become the mainstays of the teams of the next few years.

The first team is composed of the following members:

| | |
|-------------------|--|
| Gary..... | 1/2 mile, mile, hurdles, cross country |
| E. McConnell..... | Jumps, pole vault, dashes |
| R. McConnell..... | Weights, dashes, running broad jump |
| Findley..... | 1/2 mile, mile, hurdles, cross country |
| De Noble..... | Hurdles |
| Millberg..... | Dashes, hurdles, high jump, pole vault |
| Wood..... | Dashes, running broad jump |
| Poad..... | Dashes |
| B. Devney..... | Jumps |
| Wallender..... | 1/2 mile, mile, cross country |
| Aldrich..... | Dashes |
| St. Ledger..... | 1/2 mile, mile, cross country |

MUSICAL ORGANIZATIONS

Harbor High is one place where one is not afraid to face the music. In fact, we like to face it so well that we could not get along without it; we have organized our talent into several different departments, of which we demand and receive an unlimited amount of pleasure and amusement.

The most important of these is the Glee Club. In September the girls and boys were organized separately. The boys appeared several times in chapel, but reserved most of their talent for a Commencement surprise.

The girls presented, in March, a charming Indian operetta, "The Feast of the Red Corn." Ellen Skoog, as the Queen, Ruth Carr, as Impie Light, and Eleanore Schlegelmilch, as the squaw-witch, were equally pleasing. Madeline Coutts, Zelma Whitney, and Harriet Bjerstedt were charming as three Indian children.

The Glee Clubs combined now contain more than seventy members and are preparing to present very high grade music at Commencement.

After the Glee club, the Orchestra attracts the most attention. The members are: Director, H. O. Ferguson, clarinet; Clara Swedenborg, piano; Laura Swedenborg, violin; Harry Bugbee, violin; Arvo Jacobson, cornet; and Earl McConnell, cornet. They are always in demand for public functions given by Harbor High, and the parties and banquets couldn't get along without them.

The Boys' Quartette, consisting of Ralph McConnell, Earl McConnell, Wells Ashley, and Harold Neilson, has appeared several times in public. We wish that the natural shyness of the members would not prevent our hearing them more frequently. The following is a list of the members of the Glee Clubs; this list does not include those who joined during the second semester:

CLASS POEM

I.

Backward, turn backward, O Time, in your flight,
Give us our High School days just for tonight;
Classmates, come back from all parts of the earth,
Let us again fill these halls with our mirth.
Let's cast aside all our sorrow and grief
And return to our school days which now seem so brief.

II.

Oh, take us again, back to old Harbor High,
The memories of which we shall never let die.
Give us our basket ball days once again;
Ne'er have we won quite so much fame as then,
For first in the county our girls won first place
And then in the state outstripped all in the race.

III.

And oh, take us back to the gridiron once more,
Where our team so oft struggled the muddy field o'er.
Or perhaps to the diamond some may wish to go
Where many an opponent's fond hopes were sunk low;
Or yet to the track where we stood a good show
In all the events which an athlete should know.

IV.

And now take us back to those evenings of yore,
To the parties and games that were ready in store,
To our statlier banquets and frolics more gay
When we put aside dignity, learned how to play,
To our glee entertainments, our plays and debates,
While our contests in speaking we'd not underrate.

V.

Backward, turn backward, O Time, in your flight,
Take us to Harbor High just for tonight.
Bring back our classmates and teachers once more
And give us our lessons as in days of yore.
Give us our pleasures nor leave out the pain,
Just give us our High School days over again.

FLORENCE DIBELL.

JOKES

Ashley—"Where is the potassium perambulator?"

Lorna—"What kind of a bug is a miller?"

A voice—"A humbug."

O'Leary—"When Caesar built the bridge it made him cross."

Earl—"When a balloonist wishes to rise he drops a Sandberg."

Chas. Laird says he is going to raise frogs and sell their hops to the brewers.

"Earl, what does Ag stand for?"

Earl—"Agnes everytime."

"Gilbert, where do bugs go in winter?"

Poad, waking up,—“You can search me.”

Howard—"Down in Youngstown last summer I saw workmen in the soap factories spread their lunch on a dead horse and then eat it."

Findley—"The cow that will not 'So' is a nuisance, if not more so."

Miller (preparing for the contest)—“You ought to hear me vibrate the ether.”

"Harold, what are you doing?"

"Playing smash."

"Ann, what makes you so thin?"

"Well, you see it's like this. My food has to travel so far it gets worn out before it reaches its destination."

"Now this substance forms the basis for face powder."

Naomi—"Oh, do tell us about it. I think it makes us so Captivating."

There is a young lady called Gretchen

Whose ways are especially fetchen,

"But the point of a joke

In merriment spoke,"

Says she, "I don't easily cetch on."

That isn't a Hill. That's a bluff.

Ethel whose surname is Gillen,

A maiden both lovely and willen.

Her numerous charms

Are free from all harms,

But "Butch" thinks her perfectly killen.

Laura is a maiden fair
With curly eyes and laughing hair.
In the H. H. S.
We must confess
In winning the game very few can compare.
"I'm not very tall," said Ruth to Ruth,
"I am quite tall," answered Ruth to Ruth.
Now which was the taller
And which was the smaller
We leave the reader to judge the truth.

Mettie says his smile is the latest thing in perpetual motion. Rather late in naming it.

Kathryn—"I want the potassium chocolate the photographic acid, and the Gobblers salts. And I broke my poppy tube."

Kathryn is a vegetarian. She is fond of Herbs.

Earl:—Fair Agnes, when I gaze on thee,
And see thine eyes of blue
My heart gone pity-pat, and, dear,
I hope that yours does too.

"Gretchen, is there any alcohol in cider?"
Gretchen (slowly)—"Inside Who?"

Gustaf (at the library)—"I'm looking for that guy mishfitdales."

Gilbert—"Where will I find the injunction coil?"

Mary—"Galileo discovered the steam engine."

Said Molly Eule to Ana Lyzer
Please give me a name up-to-date
And she caused a precipitation
When she was called a Silly Kate.

Traces of copper may be found in certain parts of the body.

Ruth H. (quickly)—"Yes, in the superior region."

Ann says her latest book is called "Commentaries on Moses."

Teacher—"Give a sentence illustrating the word majestic."

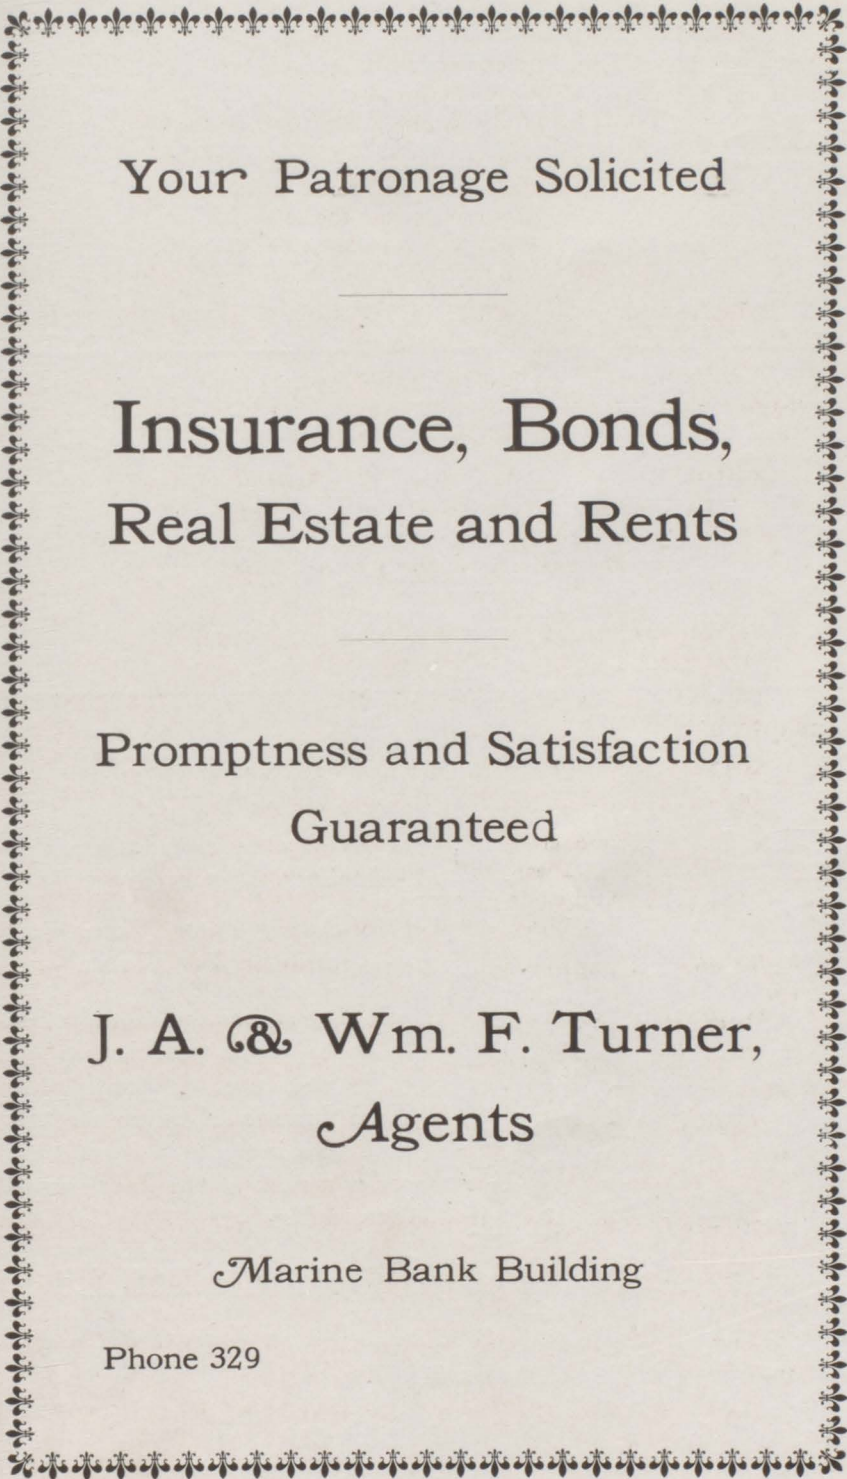

P. Cheney—"We went to the Majestic Theatre."

Howard Findley—"Women are always more vengeful than men."

Alice Micham—"That's because women never do things by halves."

Ann—"When I was down at Youngstown I raised Harry."

Everything in Building Material

We aim to keep, at all times, everything in lumber and building material. And as in the case of our lumber every item of our stock is of the highest quality.

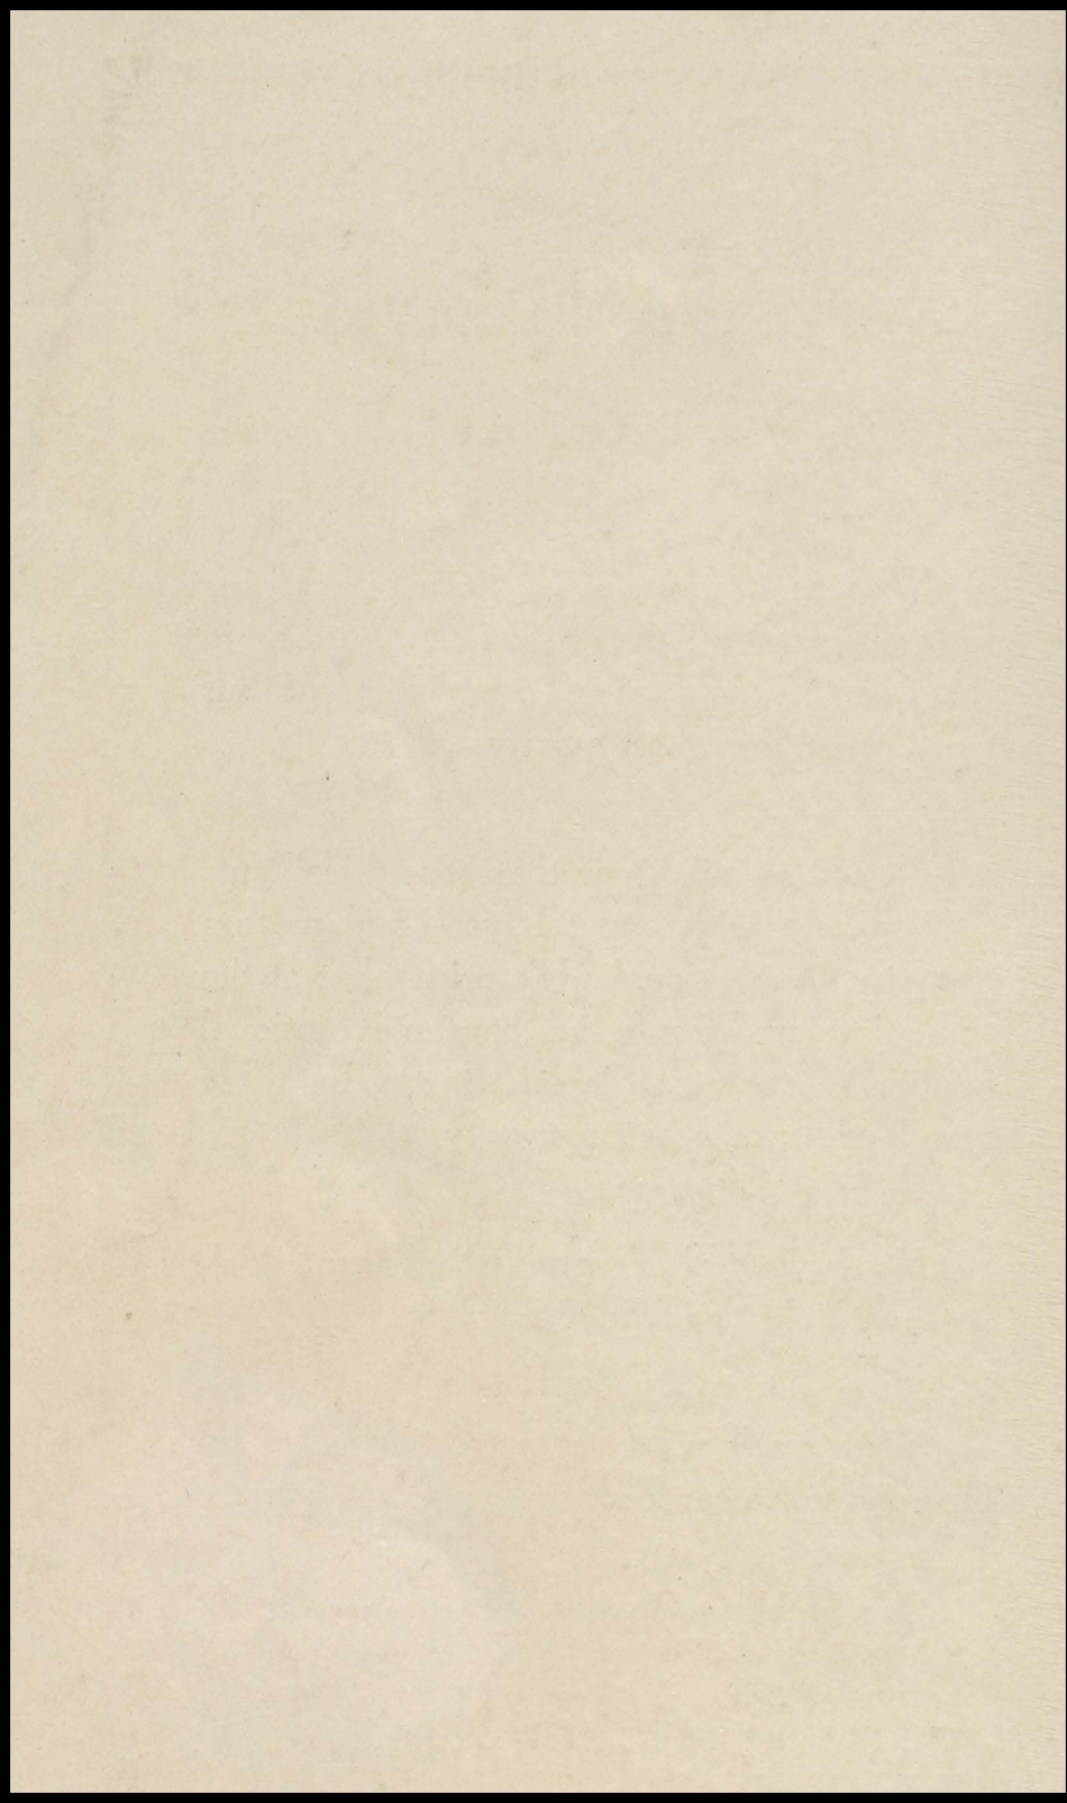

Of course, we know that "the price" cuts a big figure with every buyer—and we are prepared to meet anybody's price—but at the same time, we have found that the exceptional quality of our stock is appreciated by those who have learned its superiority.

If you want absolutely high-class material, at a just-right price, buy your lumber here.

Your small wants promptly attended to. One piece or a car load.
